**UNIVERSITY**

# INTRODUCTION TO LUARASI UNIVERSITY:

"**Luarasi**" University is a private institution for higher education, founded in 2003. The university has steadily expanded its academic offerings and now encompasses four faculties, each with its own unique history and focus:

The **Faculty of Law**, forming the foundation of the university, was established in **2003**.

The **Faculty of Economics** was introduced in **2015**, enhancing the institution's academic breadth.

In response to technological advancements, **the Faculty of Information Technology and Innovation** was launched in **2018**.

The university further expanded its academic offerings with the establishment of the **Faculty of Medical Sciences** in **2021**, reinforcing its commitment to health-related disciplines.

**In a significant milestone, "Luarasi" University received a full six-year accreditation the highest score possible—by virtue of a decision from the Board of Accreditation on December 15, 2017.**

**"Luarasi" University has been re-accredited with maximum of 5 years by the Quality Assurance Agency in Higher Education of the Republic of Albania until 2029.**

Through Erasmus+ and other bilateral agreements, we offer staff and student exchanges, as well as joint academic activities. Our strong national partnerships also support sustainable development and employment opportunities for recent graduates. All students have the chance to participate in the Erasmus+ program, spending a semester at top European universities.

- Polytechnic University of Bari;
- University of Bari “Aldo Moro”
- Pan European University in Slovakia;
- Singidunum University in Serbia;
- FON University in Macedonia;
- Donja Gorica University;
- Zenica University;
- University of Foggia;
- State University of Applied Sciences in Plock;
- Sehir University in Turkey;
- IES de Teis, Spain;
- Other universities with which agreements are being concluded, such as: Czech Republic, Austria, Germany, Turkey, and other.

# PROJECTS

## EU-funded Projects

1FUTURE - jOINED For sUsTainability - bUilding climate REsilient communities in WB and EU. The 1FUTURE project aims to improve regional capacities in implementing Green Deal goals within the higher education system. The 1Future project builds on the needs and the ambition to lead climate action in HEIs in the WB Region. Within the project, HEIs of the region will serve as the gear that connects different stakeholders for building climate-resilient communities.

VRinVET - The project's main goal is to develop institutional and individual capabilities for innovative teaching using digital technologies. It targets training school leaders, teachers, and students at EQL 4 and 5 to use modern educational tech tools collaboratively. The focus is on fostering

JualGo - The project aims to improve legal education in Albania and boost judiciary governance in light of Albania's EU integration efforts. Albania's legal curriculum doesn't fully embrace EU law principles, causing gaps in understanding among legal professionals. The project seeks to:

- Update legal education to encompass EU laws and policies.
- Empower future magistrates to apply EU law and good governance principles.
- Enhance collaboration between Albania and the EU in legal education, promoting best practices.
- This aligns with objectives to strengthen EU-related education in candidate countries.

Qa-SURE - deepen integration into EHEA by improving quality assurance in higher education at consortium universities. This will be achieved by:

- Establishing Quality Assurance Units in Albania and Kosovo's HEIs.
- Offering training on creating study programs aligned with labor market needs.
- Drafting action plans to support quality assurance in teaching, learning, and administration.
- Setting up a dedicated group for internal quality assurance in WBU and partner institutions.
- Strengthening the core quality team to apply the latest methods and best practices and creating a training manual

# PROJECTS

## EU-funded Projects

- MaCECON-EI – Macroeconomics in the context of European integration. The Jean Monnet Erasmus+ project "Macroeconomics in the Context of European Integration" delves into studying macroeconomic theories and practices related to the European integration process.
- NEST4WB – New Energy Competence System and Technology for WB energy stability system curriculum reform

## Regional funded

- Western Balkans Fund Project - Luarasi University collaborated with several institutions across the Western Balkans on a 12-month project with a €14,830 budget. The project aimed to strengthen regional academic and research exchanges. Key outcomes included four international conferences, the launch of the WBU-Journal, a dedicated website, two online workshops, and a study on pandemic teaching across participating countries.

## National funded projects:

- Correctional pedagogy in higher education for building values in juvenile justice - The project aims to enhance the university's ability to train specialists in juvenile justice. It introduces two new curricula in corrective pedagogy, utilizing employer-involved workshops and public hearings to establish a Research Center for Correctional Pedagogy.
- Solar Energy Potential in Albania - The project seeks to advance solar energy adoption in Albania by evaluating its technical potential, economic feasibility, and related policies. This contributes to Albania's goal of boosting renewable energy usage with a 12-month deadline and a budget of 1,785,000 ALL.

# PARTNERSHIPS AND COLLABORATIONS:

## Key partnerships

Students from all Faculties spend 3 months internship, at 'Hysenbelliu' Group 17 businesses Cooperation agreements. Over 80% of students are employed about six months after graduation. This standard has been achieved thanks to the partnership of the "Luarasi" University with various public and private institutions, local and foreign partners, as well as the high reliability of diplomas issued by the University.

# PART TIME JOB ASSISTANCE

## Part time job assistance

- Luarasi University assists international students in navigating part-time employment during their studies through the Head-Hunting unit on HB Group.
- Our dedicated support team advises students on legal work entitlements, helps identify suitable opportunities in Tirana, and ensures that work commitments remain compatible with academic progress.
- From on-campus roles to partnerships with local businesses through HB Group, we help students find a balance that supports both their finances and their studies.

# DIRECT PLACEMENT SUPPORT

## Direct placement Support

The university is dedicated to supporting international students in achieving their career goals by offering comprehensive direct placement services.

### These include:

- Personalized career counseling and guidance tailored to individual skills and aspirations.
- Access to a wide network of partner organizations and employers for internships and job placements.
- Assistance with CV/resume preparation, interview coaching, and job search strategies.
- Support in navigating work permit and visa requirements for post-graduation employment.
- Regular workshops and networking events designed to connect students with industry professionals.
- Our commitment ensures that international students receive the resources and guidance needed to successfully transition from academic life to professional careers, both locally and globally.

# GLOBALLY RECOGNISED DEGREES

## Globally Recognised Degrees

The university offers degrees that are recognized and respected worldwide, ensuring that international students graduate with qualifications that open doors across the globe.

Our academic programs adhere to international quality standards and are accredited by reputable authorities, providing assurance of their global relevance and value.

### Key benefits include:

- Degrees accepted by employers, academic institutions, and professional bodies internationally.
- Curriculum designed to meet global industry and academic requirements.
- Opportunities for further study or employment in multiple countries.
- Strong international partnerships and exchange programs that enhance global exposure.
- By choosing our university, international students invest in an education that empowers them for success wherever their ambitions may lead.

# HEALTH CARE PROGRAMS IN ENGLISH

## Health Care Programs in English

The university offers a comprehensive range of Nursing program delivered entirely in English, making quality medical education accessible to international students from diverse backgrounds.

Our curriculum is designed to meet international standards, ensuring students gain the knowledge and skills required for success in the global health sector.

### Key features include:

- Instruction by experienced faculty with international expertise.
- Practical training opportunities in modern facilities and affiliated hospitals.
- A supportive learning environment tailored to the needs of non-native English speakers.
- Recognition of qualifications for further study or professional practice worldwide.

# GERMAN LANGUAGE TRAINING

## Health Care Programs in English

The university, in partnership with Dekra Academy, offers specialized German language training programs tailored for international students.

These courses are designed to enhance language proficiency for academic, professional, and everyday communication within German-speaking environments.

### Key highlights include:

- Structured courses led by certified instructors from Dekra Academy.
- Curriculum focused on practical language skills for study, work, and daily life.
- Preparation for recognized German language proficiency exams.
- Integration of cultural orientation sessions to ease adaptation to German -speaking countries.
- Support for students seeking internships, further education, or employment opportunities in Germany and other German-speaking regions.
- This collaboration ensures that international students receive high-quality language instruction, expanding their academic and professional opportunities in the global marketplace.

**CRAFTING THE FUTURE, HONOURING  
THE PAST: LUARASI UNIVERSITY.**
